

3rd annual

Women in Energy & Renewables

13-15 October
Sydney | Australia

Brought to you by the organisers of:

SUMMIT 2026

Sharing ideas, learning new skills, and making meaningful connections

PARTNERSHIP PROSPECTUS

"It was truly inspiring, showcasing the power of collaboration and innovation in shaping a sustainable future. The topics covered were both relevant and insightful, the speakers were inspiring, and the networking opportunities were invaluable. I'm looking forward to more discussions on practical strategies to further empower women, particularly in leadership and innovation."

Senior Consultant, Global Power Energy

Past sponsors and supporting partners:

Organised by:

What is the **Women in Energy & Renewables Summit**?

Now entering its 3rd annual edition, the **Women in Energy & Renewables Summit** has firmly established itself as one of Australia's most worthwhile and inspiring professional development events for women across the energy sector. What began as a sold-out inaugural event has rapidly grown into a highly regarded forum for emerging leaders, rising stars, and middle management professionals - the decision-makers shaping the future of Australia's energy transition.

The Summit brings together ambitious and influential women from across the energy, electricity, renewables, networks, resources, and industrial sectors for two days of practical learning, meaningful networking, and career-defining inspiration. Delegates gain firsthand insights from senior industry leaders and innovators driving transformation across the sector, while also developing the leadership capabilities, strategic thinking, and professional confidence needed to progress into more senior roles.

"A wonderful celebration of women in energy and renewables, a place to network and connect, and time out from work to reflect on the energy transition and how true diversity is necessary for success."

Manager Engineering - Zone Substations, **Essential Energy**

Who will you meet?

Designed for senior professionals shaping Australia's energy transition, including network owners, generators, retailers, developers, regulators, consultants, and the specialist engineers and project leaders delivering complex grid, renewables, and storage projects. Ideal for decision-makers and practitioners working across transmission, distribution, renewable energy, market operations, approvals, stakeholder engagement, finance, and policy.

Who should attend

Senior managers and executives in energy, networks, generation, retail, and storage

Project, program, and portfolio leaders working on transmission, distribution, renewables, BESS, and grid connection

Engineers and technical specialists in power systems, OT, telecommunications, asset management, planning, and controls

Commercial, trading, finance, and investment professionals involved in energy market participation and project economics

Policy, approvals, environment, stakeholder engagement, legal, and compliance professionals supporting major energy projects

Why delegates choose the Women in Energy & Renewables Summit

1

Opportunity to join Australia's leading event for women in energy and renewables focused on career growth, leadership development, and industry impact

2

Gaining clarity on the major forces reshaping the sector, from the energy transition and policy reform to customer expectations and market dynamics

3

Learning practical approaches to fostering diversity, inclusion, allyship, accountability, and stronger workplace culture

4

Expanding their professional network by building connections with respected leaders, emerging talent, and peers from across the energy value chain

5

Building the capabilities needed to thrive in today's sector, including leadership, strategic thinking, negotiation, project delivery, and commercial acumen

6

Participating in interactive roundtables designed to encourage open discussion, shared experiences, and meaningful peer-to-peer networking

7

Exploring how to position themselves and their organisation to capitalise on the opportunities emerging from Australia's evolving energy future

Who should partner?

If you have an innovative or market leading product, solution or service related to any part of the energy and renewables sector, the **Women in Energy & Renewables Summit 2026** needs to be a part of your sales and marketing campaign.

This is your opportunity to meet key decision makers from the entire energy value chain, understand their challenges, and share solutions.

This event is for you if you have a product, solution or service for decision makers working in energy and renewables, including:

- Energy generators
- Renewables
- Solar
- Storage
- Transmission
- Distribution
- Networks
- Retailers
- Large energy users
- Government
- ...and any other part of the energy and renewables value chain

Why partner?

The **Women in Energy & Renewables Summit** offers numerous opportunities for sponsors to network, share their expertise, and build their reputation while engaging with an enthusiastic and engaged audience of leaders and decision makers throughout the energy and renewables sectors.

This is your chance to:

Raise your visibility and be recognised as an expert and prominent industry leader in energy & renewables

The Women in Energy & Renewables Summit positions your organisation as a thought leader in front of industry-recognised speakers as well as an inquisitive and influential audience of attendees.

Increase reach

Use ours! Women in Energy & Renewables Summit marketing reaches over 15,000+ unique, targeted contacts - join our campaign early and benefit from 4+ months of brand awareness.

Meet the right people

With multiple networking opportunities across the 2 main conference days, you can expand your network and socialise with existing and prospective clients. We target the key influencers and decisionmakers and you grow your community through authentic, meaningful interactions across the event.

Launch new products or services

Showcase new and innovative products and services to an interested and influential audience of senior decision-makers actively seeking solutions.

Build your brand

The Women in Energy & Renewables Summit offers brand recognition opportunities to position your company among the premier organisations within energy & renewables, and as a supporter of diversity and inclusion. This is your opportunity to enhance your profile as a trusted brand and market leader in front of key decisionmakers from a wide range of organisations across Australia.

Through consultation with our in-house marketing strategists, we will tailor a plan to suit your objectives, whether they involve thought leadership, branding, lead generation, specific one on one meetings or a more social networking event.

If you'd like to become a partner at the **Women in Energy & Renewables Summit 2026**, contact **Tashi Gazzard** on tashig@questevents.com.au or **Milad Etemadi** on milade@questevents.com.au to discuss how we can help you connect with your ideal audience.
